

V INTERNATIONAL ART CONTEST FOR CHILDREN AND YOUTH „THE DIVERSE WORLD” 2017

Statute of the contest

We live in different countries, different communities and different environment. Together we are inhabitants of one home – EARTH, but we are very different, our natural, cultural and national values and the understanding of beauty are different. Together we create a one glorious world.

The Nono-governmental Organization of Balvi Art school „Savi” , society „ Creative Ideas ”, organizes the visual art competition for children and youth in computer design „*National Values*”

Each country's culture is characterized by the values of the various artistic fields, which form each country inhabitant's cultural experience basis, providing a sense of belonging to their country.

The greatest and the most remarkable sets of pieces of art and cultural values are those which reflect the most significant success in culture of each specific nation of all times. The values which provide the adherence to some country is characterized by its originality and it is the basis of the national identity. In order to children and young people be aware of the value that provides the feeling of belonging to the state and characterizes its originality, as well as is the basis of the national identity, there is being organised the contest of visual art in computer design.
